

Changes to the Southlake Foundation Board of Directors

Newmarket, ON – July 7, 2015 – The Southlake Foundation Board of Directors is undergoing a time of transition, following the resignation of the majority of its members on June 30, 2015. The decision to tender their resignation was not made lightly. The former members remain committed to the Hospital and the Southlake Foundation and the availability of world-class care close to home.

The Hospital and Southlake Foundation are saddened by the resignation of the volunteer members of the Foundation Board of Directors. We are working together to reach out to the former board members and engage them during this transition. We wish to assure our community, our stakeholders, our supporters, and our patients that we remain committed to working together to ensure the delivery of *shockingly excellent experiences* and the completion of ongoing projects and campaigns while growing and safe-guarding the funds entrusted to us by our community.

The Hospital and Southlake Foundation Boards have prioritized the important work of renewing the Foundation Board of Directors. On behalf of the Hospital Board and the Southlake Foundation Board of Directors, we thank each of the former members for their passion and dedicated service to inspire giving within our community.
